PRODUKTOVÝ KATALOG
PRODUCT CATALOG

PROČ SE VYPLATÍ BÝT S NÁMI

S potěšením Vám představujeme nejnovější katalog společnosti
Laguna Fabryka Okuć S.A.

Jsme předním výrobcem vysoce kvalitních systémů posuvných dveří. Naše společnost se těší dobré pověsti a důvěře na domácím i mezinárodním trhu. Již více než 30 let poskytujeme zákazníkům řešení, která spojují vynikající kvalitu, funkčnost a estetiku.

V našem katalogu najdete širokou škálu produktů, které byly vytvořeny pomocí nejnovějších technologií a pečlivě vybraných materiálů. Ať už hledáte solidní a spolehlivé systémy pro nový investiční projekt nebo chcete osvěžit svůj bytový interiér, naše nabídka jistě splní vaše očekávání.

V katalogu Laguna Fabryka Okuć S.A. najdete posuvné systémy pro:
– konstrukce vnitřních průchozích dveří,
– vytváření skříní v korpusu,
– vestavbu výklenků pomocí hliníkových profilů.

Náš tým designérů neustále pracuje na vytváření moderních a inovativních produktů. Splňují nejvyšší standardy kvality a bezpečnosti. Víme, jak důležité je ušít doplňky na míru individuálním potřebám zákazníka, a proto je naše nabídka tak rozmanitá.

Katalog představuje náš závazek při vytváření posuvných systémů. Jsou nejen funkční, ale dodají vašemu interiéru rovněž charakter a styl. Děkujeme za důvěru, kterou nám naši zákazníci vkládají. Doufáme, že naše produkty přispějí k vytvoření jedinečných prostor.

WHY LAGUNA

We are pleased to present you the latest Laguna Fabryka Okuć S.A. catalog.

We are a leading manufacturer of high-quality sliding door systems. Our company enjoys a reputation and trust in both domestic and international markets. For over 30 years, we have provided customers with solutions combining excellent quality, functionality, and aesthetics.

In our catalog, you will find a wide range of products that have all been created using the latest technologies and carefully selected materials. Whether you are looking for robust and reliable systems for a new investment project or want to refresh your residential interior, our offer is sure to meet your expectations.

In the catalog of Laguna Fabryka Okuć S.A. you will find sliding systems used for:
– constructing interior pass-through doors
– creation of body cabinets,
– alcove development using aluminum profiles.

Our engineering team is constantly working to create modern and innovative products. They meet the highest standards of quality and safety. We know how important it is to tailor accessories to individual customer needs, which is why our offer is so diverse.

The catalog presents our commitment to creating sliding systems. They are not only functional, but also add character and style to your interiors. We would like to thank you for the trust our customers place in us. We hope that our products will contribute to the creation of unique spaces.
